

Blue Mesa Shooting Academy

Defensive Shotgun

A “Personal Protection” Training Course

This is **not** a class in trap, skeet, or target shooting. It's focus is on personal defense. Numerous tactical aspects will be addressed. One does not need an expensive high end gun for self defense. As a matter of fact, practically any shotgun you have will work just fine. One focus of this class is to learn to use what you've got. Due to the limited ammunition capacity of most shotguns, another major emphasis will be on reloading, both tactical & speed.

One day class will be fun and informative. Includes classroom and range work.

- ◆ Instructor is NRA Certified
- ◆ 8 Hour Training Course includes Range Work
- ◆ Designed for Everyone, Especially the Ladies
- ◆ Fun, Informative, & Practical

\$80.00 Plus \$10.00 range fee. Members of the
